The capital stock investments as of June 30, 2021, are summarized below, based on the main industry of the business.

	Cost	Unrealized Gains	Unrealized Losses	Market Value
Banks, Insurance, and Finance	29,637	-	-2,555	27,081
Commercial, Industrial, and Others**	60,351	1,896	-12,041	50,206

Total	199,610	8,770	-15,758	192,623

**** Note:** This includes a leftover from the "pilot" operation, which consists of 9,000 shares of the previous company ICA acquired at a cost of \$15,316.96, as well as 300 shares of the company Convertidora Industrial acquired at a cost of \$1,507.00.

It is important to mention that Bina believes it has no unrealized losses that are not temporary because of: (a) our ability and intention to hold the shares we bought until they recover, (b) our assessment that the underlying businesses and financial conditions of our investment targets support our decisions, (c) our opinion that the price declines are not significant, and (d) our belief that market prices will increase and exceed our costs.

Our business acquisition strategy is to participate in a business at sensible prices, with consistent purchasing power, good returns on invested capital, and strong management.
